

Holy Spirit School Celebrates Black History Month

Throughout the month of February, Holy Spirit School is celebrating Black History Month. Throughout the month, biographical blurbs about African Americans who have made an impact on the national and world stages are being presented during morning announcements. The showcase adjacent to the front lobby of the school contains a Black History Month presentation. Teachers are also incorporating Black History Month information into Social Studies lessons in the classrooms.

On February 10th, John Prescott from the Union Township Historical Society will be at the school to present on Black History Month to Holy Spirit School Students.
